Staffing for next year is based on the courses that you select during the academic advising process this year, so plan carefully. Students are meeting with HS and MS counselors 1/21-2/14 to select courses for 2025-26. This is done via their StudentVue account. Alternate electives will replace a selected elective if there is a conflict in your schedule. Courses selected in StudentVue will be viewable in ParentVue accessed via web browser. This will allow parents to review classes selected. Once students meet with counselors, selections will be locked.

Please submit any corrections to the MS Counselor by March 12, 2025. There will be a freeze for staffing decisions from 3/13-4/20. Changes will be allowed from 4/21-6/6 on a space available basis as staffing decisions will already be finalized. **As of June 6, all course selections are FINAL.** Minor adjustments may be accepted on a space availability basis prior to school starting.

Students who score below 400 on the Reading 8 SOL may be placed in Literacy Lab 1. Students who score below 400 on the Reading and Science SOLs may be placed in Environmental Science. Students who receive Special Education may have courses that already appear in StudentVue based on their Individual Education Plan. Students who receive ESOL support may have courses that already appear in StudentVue based on their ESOL level.

Key: \$=Materials Fee Req. ♣= Application Req. 🎵=Audition Req.

Standard Courses

English

- 113000 English 9
- 113036 English 9 Honors
