

A FAMILY GUIDE FOR 2020-21 RETURN TO SCHOOL

Welcome CVHS Families!

Centreville High School - 10/29/20

Welcome

We are focused on keeping students and staff safe and healthy as we return to school buildings for learning.

We are following recommended health guidance that focuses on student health, safety, and emotional well-being.

Family Guide on Return to School

- Talk to your children about what school will be like when they return.
- Ask students if they have questions and let them know we are all going to work together to keep everyone safe and healthy.
- Increase comfort with wearing a mask or face covering during the day.
- Discuss the importance of social distancing.
- Talk about washing hands and covering coughs and sneezes.

FCPS Operational Levels

Schools and offices closed or open with limited personnel reporting.

All students learn virtually.

Groups 1-6

Schools and offices open for staff with limited public transactions.

Identified students in greatest need of additional support receive one or more days of in-person instruction in a cohort.

All other students continue virtual learning.

Groups 7-8

Schools and offices open for staff with limited public transactions.

Students participate in a hybrid model (online and in-person) with social distancing in place.

Public access to schools and buildings may remain limited.

All schools open at 100% capacity for in-person instruction.

Some staff may telework due to health accommodations.

Some students may continue to access online learning due to health needs or preference.

Tentative Student Groups Phase-In Timeline

	October			November		January	January		
	5	19	26	16	30	4	26		
COHORT LEARNING	Group 1: Specialized high school career preparatory programs.								
		Group 2: Preschool Autism Classrooms (PAC). Early Childhood Class-based (ECCB). Specialized high school career preparatory programs.							
		Group 3 & 4: Elementary Comprehensive Services Sites (CSS). Key Center. Kilmer Center. Students with Limited or Interrupted Formal Education (SLIFE). Recently-Arrived English Learners (ELs) in Grades 3-12 Specialized high school career preparatory programs. Adapted Curriculum: Enhanced Autism Classrooms (EAC), including students accessing; the general education curriculum; Intellectual Disabilities (ID) K-12 Classrooms; Intellectual Disabilities Severe (IDS) K-12 Classrooms; Students receiving Noncategorical Elementary (NCE) services who are instructed with the adapted curriculum in a special education classroom. Burke School - Elementary Program only. Specialized high school career preparatory programs.							
		1 1 1 1 1 1 1 1 1		Students instructions 50 percent at Robinson. De	ead Start - Infants and toddlers. PreK - Three and four year olds. Kindergarten. Intensive Support Needs: ted with modified curriculum for at least 50 percent of their core courses and instructed in special education entor more of their instructional day. Specialized Center-Based Programs: Special Education Vision Program af/Hard-of-Hearing (DHH) Programs at Canterbury Woods ES, Frost MS, and Woodson HS – Students with one of core content areas in Special Education settings.				
		 	 		Group 6: Grade learner profile.	: Grades 1-2. Specialized Career Centers – Special Education Davis and Pulley Centers with target profile.			
HYBRID LEARNING 3 Part of the state of the		 			 		roup 7: Elementary School Grades 3-6. Secondary Public Day Programs – Special ducation at Burke MS, Cedar Lane, and Quander Road. Davis and Pulley Center udents with target learner profile.		
		 					Group 8: Middle and High School Grades 6-12. Grade 6 Middle School students at Holmes, Poe, and Glasgow. Middle and High School students at Davis and Pulley Career Centers.		

Concurrent Instruction

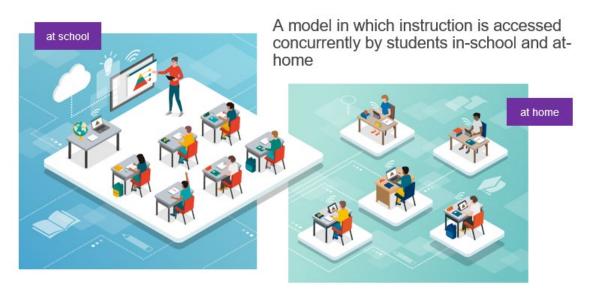

Students receive two days of teacher-led instruction in the school building and two days of teacher-led instruction at home. Students who select virtual learning will receive all four days of teacher-led instruction while learning at home.

- The concurrent instruction model is currently being piloted in several schools.
- This model maximizes teacher-led instruction (two days in person, two days virtual) by allowing in-person students to "log into" class on at-home days.
- Teacher-led concurrent instruction is the best instructional model for our in-person students.
- Best option to keep more students in their current schedules
- Allows for easier access to classes should any health concerns arise
- All students will receive 4 days of teacher-led instruction.

Mondays: Students will have independent work day. Teachers will use for planning.

Teacher at School

Concurrent Instruction

Teacher at Home

Concurrent Instruction - Teacher at Home

In-Person & Virtual Students

- Many classes will be "hybrid" concurrent classes in which both in-person and virtual students are in the same class.
 - Fewer classes will be 100% virtual or 100% inperson
- All students will receive four days of teacher led instruction whether in-person or virtual.

Concurrent Instruction

Video Example

Concurrent Instruction - MS/HS Schedule

Initial planning will be by last name:

A - K - Tues & Wed L - Z - Thurs & Fri

Adjustments may be made based on numbers

MS/HS Concurrent Instructional Schedule								
	Tuesday	Wednesday	Thursday	Friday				
Group A	Periods 1,3,5,7	Periods 2,4,6,8	Periods 1,3,5,7	Periods 2,4,6,8				
	In-School	In-School	Online	Online				
Group B	Periods 1,3,5,7	Periods 2,4,6,8	Periods 1,3,5,7	Periods 2,4,6,8				
	Online	Online	In-School	In-School				
Group C (full time online)	Periods 1,3,5,7	Periods 2,4,6,8	Periods 1,3,5,7	Periods 2,4,6,8				
	Online	Online	Online	Online				

Two days of instruction in the school and two days of virtual instruction at home – both led by the teacher.

Mondays: Teachers will use for planning. Students will have independent work day.

The school day will still be 8:10 - 2:55. Class times will change to accommodate longer lunches.

Current Data as of 10/29/20

- Approximately 54% of students are enrolled as in-person (1,400).
- This would result in about 700 students in the building each day.

Last year there were about 2,500 students in the building each day

Questions

Safety Protocols

FCPS Approach to CDC's 5 Mitigation Strategies

Consistent and Correct Use of Masks

- New FCPS Regulation: Face Coverings to Mitigate the Spread of Infectious Disease (Regulation 2109)
- Face coverings will be worn by staff and students.
- Face coverings will be provided to students unable to provide their own.

Cleaning and Disinfection

- Daily sanitizing of high touch areas (doorknobs, handles, fixtures, etc.) with medical grade sanitizing solution
- Frequent monitoring and cleaning of restrooms throughout the day
- Contracted cleaning services utilized as needed

Contact Tracing in Collaboration With Local Health Department

- Collaborate with County Health Department in response to outbreaks in order to implement all necessary health and safety protocols
- Establishment of isolation rooms

Social Distancing to the Largest Extent Possible

- Six foot separation wherever possible; limited mixing among student groups
- Social distancing on buses in accordance with health and safety protocols
- Desks will be separated by up to a six feet distance, facing same direction
- Students will eat meals in classrooms whenever possible
- Student traffic patterns that maintain social distancing
- Limit volunteers/visitors in buildings

Hand Hygiene and Respiratory Etiquette

 Students will wash hands for at least 20 seconds after blowing nose, coughing, or sneezing; before eating; upon entering classrooms; breaks will be provided for hand washing.

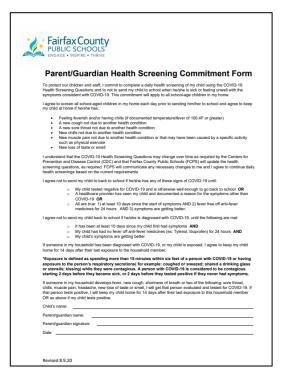

Health Screening Commitment Form

Important!

Parents/guardians who chose in-school instruction for their child will be required to complete a Parent/Guardian Health Screening Commitment form as students are phased back into in-person learning.

The document indicates the parental/guardian's agreement and commitment to completing a daily health screening prior to sending the student to school and also to keep ill students at home. These health screenings will be done on an honor basis and will not be required to be submitted to the school each day.

Families can complete this form in ParentVue
OR –submit the form to your child(ren's) school.

Daily Temperature Checks

FCPS will be doing daily temperature checks. Please be aware that these protocols may change based on public health guidance.

Bus Stop: Temperatures taken at the bus stop

School Entry: Temperatures will be taken for all students entering the building.

During School: Temperatures will be taken throughout the day for any student who:

- Arrives late to school.
- Takes off their face mask during the day and refuses to put it back on. This requirement does not apply
 when students are eating and drinking, sleeping, or during exercise, under the supervision of school
 staff.

At any time, if the temperature of a student is greater than or equal to 100.4° Fahrenheit, the student will be taken to an isolation room for further screening.

Lunch

Students will eat meals distanced in the cafeteria whenever possible. If students bring lunch from home, they should use disposable bags when possible (no lunch boxes).

FCPS will offer grab and go lunches for all students.

Masks will be required when students wait in the cafeteria line, but not required when eating.

For students participating in virtual learning, grab and go meals are still available to all FCPS students at school sites and on bus routes.

School Health Room

Support to students in the health room will continue to be provided by the School Health Aide.

Students with Individualized Health or Action Plans who require specialized care, medication administration and emergency care will be seen in the **health room**.

Parents will be required to bring in medications needed to support their student during the school day prior to or on the first day of school.

FCPS personnel will staff the **isolation room**, which will be used to safely isolate students who display symptoms of COVID during the school day

Bus Transportation

Parents will receive information about bus schedules prior to start.

Seating capacity will be reduced to allow for social distancing. Temperature checks will be done at the bus stop. As more students return, daily temperature checks for all students may need to be reconsidered.

- Students demonstrating a temperature greater than or equal to 100.4° Fahrenheit will not be able to board the bus and will be sent home with the parent/guardian.
- Students are reminded to wear a face coverings when riding the school bus.
- Students will be required to sit in seats as marked on the school bus.
- Bus stop information will be available at the school and in <u>ParentVUE</u>.
- Here Comes the Bus app is available and provides school bus arrival information.
- Social distancing requirements limit capacity on school buses.

Other Safety Measures

- As we get closer to January 26th, more detailed information will be provided about arrival and dismissal
- Assigned seats in classrooms
- Students should bring a water bottle. No water fountain use except filling stations
- Limit sharing of equipment and supplies

Student Laptop

Students returning for in-person school should plan to bring their FCPS-assigned laptops with them to school and take that laptop home each day to support digital learning activities in school as assigned by their teacher.

Regularly disinfect the laptop with a wipe.

Visitors to FCPS Facilities

When possible (unless an emergency) visitors must **schedule appointments prior** to visiting a school by contacting the main office.

All visitors will be required to **complete a health screening questionnaire** and must submit to a temperature check prior to entering the building.

All visitors are required to **wear a face covering** (cloth or disposable) while on school property and inside FCPS facilities.

Visitors who do not have face coverings will be provided a disposable mask upon entering a school.

Visitor access should be limited to essential activities.

If Sick at School

Becoming III While at School

Students will be sent home if they demonstrate:

- fever greater than or equal to 100.4 Fahrenheit
- new chills
- new cough or sore throat
- new muscle aches
- new loss of taste or smell
- nausea or diarrhea

Parents/guardians will be notified and are expected to pick up their child within one hour of notification. Parents are to check in with the front office.

FCPS follows protocols provided by the Fairfax County Health Department (FCHD). Each case will be handled individually in accordance with the FCHD established communicable disease and contact tracing protocols.

FCPS will follow health department guidelines for communicating information to parents/guardians. For more information visit www.vdh.virginia.gov.

Student Illness at Home

If a student becomes ill at home, STAY HOME.

Parents need to contact the school and report the reason for their child's absence.

Parents will need to follow established procedures when contacting the school regarding student illness.

Parents/guardians will be required to complete and return the <u>Permission to</u> <u>Return to School/Child Care Form</u> when the student returns.

The form will be completed by the health care provider and will indicate to the school when the student may safely return.

Returning to School After Illness

Families will receive guidance from the FCHD Public Health Nurses (PHNs) and School Health Aides (SHAs), identified as the school health team as to when their student can return to in-person learning.

Students who are showing signs of COVID Like Illness may not return to school until:

- Student has tested negative for COVID-19 OR
- A healthcare provider has seen the student and documented a reason for the symptoms other than COVID-19 OR
- All of these are true:
 - 1) at least 10 days since the start of symptoms AND
 - 2) fever free off anti-fever medicines for 24 hours AND
 - 3) symptoms are getting better

Students who have been diagnosed with COVID-19, may not return until:

- At least 10 days have passed since symptoms started
- The student has had no fever or anti-fever medicines (ex: Tylenol, Ibuprofen) for 24 hours AND
- The student's symptoms are getting better

Students who have been exposed to COVID-19:

If someone in the household has been diagnosed with COVID-19, or the student is exposed, the student must remain home for 14 days after their last exposure to the household member.

Response to COVID Case in a Classroom

With one confirmed case of COVID, the classroom will transition to 100% virtual learning for up to 14 days from the date of onset.

The school health team, will support the contact tracing process in our schools.

Individuals who are identified during the contact tracing will receive notification, as directed by the FCHD. The community will also be notified that a COVID case has occurred in a cohort and the contact tracing process has been initiated.

Upon the conclusion of contact tracing, cleaning and disinfecting, students and staff in the cohort will be notified as to when they will return to in-person learning.

The length of time for this process may be shorter than 14 days based on results of contact investigation and tracing by the FCHD. The community will also be notified that the contacting tracing has been completed and of any further recommendations.

Response to Two or More COVID Cases in a School

As related to school closure, FCPS will work closely with the FCHD to make the determination as to whether or not an entire school will be required to transition to distance learning based on contact tracing.

Should multiple linked cases occur, the community will receive **immediate communication** of an outbreak and all students would be transitioned to distance learning for a period of time.

A **follow up communication** will go out to the community when in-person learning may resume, as recommended by the FCHD.

Resources

Mental Health and Wellness

All children and youth face challenges from time to time managing emotions such as feeling depressed, anxious, or worried.

As students prepare to return to in-person learning, these emotions may be heightened.

Our school counselors, school psychologists, and school social workers are available to support all students as they transition back to their school buildings.

If you or someone you care about is experiencing a mental health crisis, or if you believe there may be a mental health emergency, call 911. Additional resources are available at www.fcps.edu and search Mental Health Emergency Services.
